An Introduction to Shropshire Sheep

The Shropshire has long been an integral part of the sheep scene in Britain. The breed emerged in the mid-1800s from improvements to the native heath sheep of its home county and north Staffordshire to become the supreme meat breed of the late nineteenth century. Founded in 1882 and publishing its first Flock Book in 1883, the Shropshire Sheep Breeders' Association and Flock Book Society has the distinction of being the oldest recorded sheep breed society in the world.

Shropshires were exported in vast numbers to the world's developing agricultures, especially to North America and the colonies. In recent years export sales have established a new European profile for the breed with Shropshires sold to Austria, Belgium, Denmark, France, Germany, Ireland and Switzerland.

The Shropshire breed is now primarily used for crossing to produce prime lamb for slaughter. Docile and hardy, with a sound constitution, thus enabling efficient flock management with minimal time and effort, the Shropshire adapts well to organic systems, gaining weight mainly off grass. Lambing returns of 160-180 per cent are regularly recorded by breeders and commercial producers alike.

A major attribute is the breed's ability to graze reliably amongst conifers without damaging the trees. Its value as an eco-friendly, cost-effective weed suppressant is increasingly borne out on large plantations in Ireland, Scotland, Scandinavia and Switzerland.

Shropshire rams are robust with good conformation. They are renowned for producing strong, active lambs with quick growth rates and lean, long, top-quality carcasses.

Shropshire ewes make excellent mothers. Long-lived, milky and prolific, they successfully rear multiples, producing lambs over many years.

Facts and Figures

Wool Properties

The Shropshire clips a heavy, dense fleece of good staple and fine texture. The average weight of a fleece is 3-4 kg, and the average length of staple is 10cm. The wool has a Bradford count of 54-56 (32 micron), does not felt and is in demand for traditional hand-knitting.

Crossing Attributes

When used as a terminal sire for prime lamb production, Shropshires are recognised as excellent crossing rams thanks to the superior conformation, growth rates and carcass quality of their lambs. Pure-bred and Shropshire-cross lambs are typically ready for slaughter at 12-15 weeks old, with a typical carcass weight of 18kg and MLC carcass classification of U3L . The resultant meat is lean, succulent and rich in flavour, and contains a low percentage of bone.

Official Breed Description

The Shropshire is medium sized, with typical mature rams and ewes weighing 120kg and 80kg respectively. Shropshire Sheep are active and alert with a free action.

Head	naturally clean soft black face, with a covering of wool on the poll. Rams should possess a bold masculine head
Ears	soft black in colour, of medium length and well set on
Neck	muscular and not too long
Body	well fleshed, long, deep and symmetrical. A broad, straight back with well-sprung ribs. Rump - quarters long and wide, dock well set on and legs of mutton full and deep
Legs	medium length, of strong bone and upright joints, well set apart and soft black in colour
Skin and Wool	cherry skin covered with a dense, fine quality wool of good staple

Secretary's Report

to the 2000 Annual General Meeting

Madam President and Society Members,

I am pleased to present to you this report, my first as Secretary. For many members of the Society this has been a very busy year amidst a desperately gloomy agricultural climate.

Agricultural Show Results

The Shropshire classes began with the **Shropshire and West Midlands** Show in mid May where Mr H Yates judged 45 entries. Mrs Sue Farquhar's ram lamb gained the championship with John Bowles and Partners ram lamb as reserve.

In early June Mr D Ritchie judged the **Staffordshire County** Show with John Bowles ram gaining championship and Sue Farquhar's shearling ewe in reserve

At the **Three Counties** Show in mid June, judge R Dorrell placed Emma Stewart's shearling ram reserve to a ram from John Bowles. John and Pauline Bowles went on to win the Interbreed Progeny Group.

A day later at the **East of England** Show at Peterborough, Lindy Gerard received the Sheildaig Trophy for her champion ram and also the Peter Roberts Trophy for the best shearling ewe from judge K. Riggall. The reserve award went to Marion Webb with a breeding ewe.

At the **Cheshire County** Show where council member Paul Holdaway judged, Claire Jakeman received the Morley Trophy for her champion ewe, with Sue Shimwell's ewe as reserve. Mrs Jakeman also went on to win the Interbreed Championship.

In early July at the **Royal** Show, Mr A Wood was presented with 37 sheep in six classes with John Bowles and Partner's being awarded the champion and reserve with a ram and ram lamb respectively. Sue Farquhar received the Clinton Trophy for the best opposite sex to the champion with Dr R Brookes as reserve.

At the end of July the **Royal Welsh** was judged by D Jane. Here John Bowles ram lamb was champion gaining the Stonehill Challenge Cup; Sue Farquhar was reserve with a shearling ewe.

The **Burwarton** Show in early August was well supported with six exhibitors showing 39 animals to Sue Shimwell, the Society Vice-President. Sue Farquhar enjoyed a successful day despite the weather, her ram gaining the Freckenwell Challenge Cup as Champion and her ram lamb in reserve.

At **Oswestry**, a few days later Mr D Wrench judged 40 animals from six exhibitors. Sue Farquhar was awarded champion, winning the Schofield and Shimwell Trophy with her ewe and reserve with her ram. Mrs Farquhar was also awarded a first and second prize for her groups of three animals, one going forward to become reserve Interbreed Group.

In mid August there were four exhibitors and 34 Shropshire sheep at the **Anglesey** Show where Mr C Brown awarded the champion and Stonehill Challenge Trophy to Yvonne Clinton-Palmer for her ewe lamb with reserve going to George Jones. Thanks and congratulations to all who supported this show which involves long journeys for many of these competitors.

Society Shows & Sales

The third Society Breed Show and second Sale was held this year at Worcester Market, with 53 animals on show. George Jones of Chirk Castle judged the Novice Section and awarded champion to Marion Webb's ram with her shearling ewe as reserve. John Bowles gained champion and supreme champion overall with Emma Stewart being reserve in the Open Classes, which were judged by Maurice Jones. Sales were well down on last year. On behalf of the Society I express thanks for the very generous sponsorship given by Massey Brothers Feeds, of Holmes Chapel, Cheshire.

Sale Averages (guineas) were as follows;

<u>Ewes:</u>	2YO	98	<u>Rams:</u>	Senior	165
	3YO	96.5		Lambs	132
	Aged	77			
	Lambs	117.5			

At the RBST Show and sale, 8 and 9 September, Mr Andrew Jones judged the small group of Shropshires giving the S J Wood Perpetual Challenge Trophy to the ram of Emma Stewart as champion with her ewe as reserve. The champion went on to become reserve in the Downland Group. It was heartening to see lifelong Shropshire supporter Alan Wood at the Show to present Mrs Stewart with the trophy first donated by his brother. Sale results were again disappointing with only three sheep sold.

Sale Averages (guineas) were as follows;

<u>Ewes:</u>	107	<u>Rams:</u>	none sold

Other Show Successes

Lindy Gerard has been thrilled with her showing successes again this year in Any Other Breed classes. She received Interbreed champion with her ram at the Royal Forest Show and Interbreed reserve. Recently, a pair of ewe lambs were champions at the Newbury Show.

Liz Dudley has hung up her showing coat after a successful final season in which she gained the Downland championship with her ram at the Suffolk Show.

Mr and Mrs R Higgins became Interbreed reserve champions at the North Wales Show.

After the last AGM, the final event at which Shropshires were judged in 1999 was the Royal Welsh Winter Fair held at Builth Wells. The result was, first J Bowles, second Sue Farquhar, third J Bowles and fourth Yvonne Clinton-Palmer

Demonstration Stand

A second breed stand for use at northern venues meant that Shropshire Sheep were seen throughout the country at events in 2000. These included the Royal Show, The Royal Welsh, Sheep 2000 at Malvern, North Sheep held in Northumberland and Chirk Castle Wood Weekend in Wales. Thanks to all who give a lot of time and effort to organise these stands and to Claire Jakeman for the fast production of interesting material.

A tremendous amount of work and effort has gone into the merchandise programme this year, beginning with the millennium share spin. Thanks to the enthusiasm of Carol Wadland, more wool has been spun and finished, with some being dyed. A great coup was achieved in the World of Animals section at the Malvern Autumn Show in September when Carol and Emma Stewart exhibited a display of sheep and merchandise which was awarded first prize in competition with 25 other breed stands. Sue Shimwell and John Bradshaw also lent their support.

Finally, I have to report the sad news of the death of enthusiastic member and keen stockman, Peter Evans.

I would like to thank the many members who welcomed me upon taking up this task as secretary. Thanks too to Sue Shimwell for guidance, especially over the first few months, Emma Stewart for her patience and Yvonne Clinton-Palmer who collated the show results. Also, of course to my family and especially Les who has allowed me to use his office facilities, thank you.

Tricia Newman.

SSBA Trophies Presented at the AGM.

The Farquhar Trophy was awarded to J. Bowles and Partners.

There were NO applications, hence the Farquhar Novice Trophy was not awarded.

The President's Trophy was awarded to Lindy Gerard.

Regulations and Conditions of Entry into the Flock Book

- 1 All registered Flock keepers must keep a private Flock Book (to be produced to the Council Editing Committee if called upon to do so), otherwise they will be barred from registering their flocks, as it is obvious no truthful pedigree can be given unless such a course is adopted.
- 2 Rams to be eligible for entry must be named. No name which has already appeared in the Flock Book can be duplicated. If this regulation is not observed, the Editing Committee reserve to themselves the right of re-naming the ram.
- 3 No ram will be eligible for entry unless bred by a breeder whose flock is already entered in the Flock Book or accepted for entry in any forthcoming volume.
- 4 No ram shall be eligible for entry unless the names and numbers of the Sire and the Sire of Dam be given, along with the registration number of the Sire of the Grand Dam.
- 5 The Council reserve the right of declining any entry, if so recommended by the Editing and Inspection Committees.
- 6 No breeder's entry will be included unless he/she complies with the following conditions:
 - a THAT THE WHOLE OF THE SIRES used in the flock from the date of the first registrations be inserted into the relevant Flock Book, and that every ram used subsequently must be entered year by year.
 - b If required, satisfactory proof must be given of the means by which persons registering rams have hired or purchased them.
- 7 No pure bred breeding ewes can be introduced into a registered flock except from that of another registered breeder (i.e. a breeder whose flock is recorded in the last published volume of the Flock Book at the time the stock were disposed of, and the owner must furnish the Editing Committee with particulars of numbers and breeding, otherwise his/her entries will not be considered.
- 8 Any graded up females shall be inspected for full registration as pedigree ewes at the fourth generation and only accepted for entry subject to a satisfactory report by a Society inspector.
- 9 When a flock is advertised to be wholly dispersed, no portion of that flock shall be entered by the vendor when first entering a new flock. If any portion of the flock so advertised is reserved, the sexes, ages and numbers thereof must be fully stated in the catalogue.
- 10 In case the Council at any future date discover an inaccuracy or fraudulent entry, they reserve the right to cancel such entry and/or expunge the flock in question from the Flock Book.

SSBA Official Ear Marking System

The Society's official earmarking requires the following to be adopted by members:

All lambs, before they are over two months old must be either tagged or tattooed. This must contain the breeder's flock designation letters, the consecutive number of each lamb born and identification of the year in which they are born, eg AA00101.

Sheep born after 1st December 1997, when reaching six months old require a second tag/tattoo in order to verify their identity should they lose the first tag/tattoo. This second tag/tattoo contains the same information as the first tag/tattoo.

Replacement tags should always contain the sheep's original identity.

Sheep will not be accepted at shows or sales unless properly tagged/tattooed.

Sheep for export may have additional tags inserted by the society before dispatch.

New MAFF legislation requires tags for sheep born on or first moved off the birth holding on or after January 1 2001 to consist of the letters UK followed by the new numeric flock mark of the birth holding (6 numbers). Tags must be printed, not hand-written. They can be any colour except RED. Tattoos must also carry the flock mark but need not include UK.

NB Tags bearing the old alpha numeric flock mark, without the UK prefix, are legal until December 31 2001.

Each member must keep a private flock book reflecting a reliable system of earmarking, so as to identify each sheep, and be prepared to produce the same for inspection by the Society's officers.

The Society now operates a computerised ewe and ram registration scheme. This assists both the Society and the flock owner in determining sire and dam lines.

Annual Flock Returns 2000

Grading Up Scheme

The Shropshire Sheep Breeders' Association operates a Grading Up scheme where fourth cross ewes only are eligible on inspection for entry into the pedigree register. The process is as follows:

- 1 A ewe is mated to a registered Shropshire Ram and the resulting female offspring are eligible to a FA indicator.
- 2 This FA indicated ewe is mated to a registered Shropshire Ram and the resulting female offspring are eligible to a FB indicator.
- 3 This FB indicated ewe is mated to a registered Shropshire Ram and the resulting female offspring are eligible to a FC indicator.
- 4 This FC indicated ewe is mated to a registered Shropshire Ram and the resulting female offspring inspected by a Society Inspector. When the Inspector is happy with the animal it is eligible for entry into the pedigree register and an F indicator.
