An Introduction to Shropshire Sheep

The Shropshire has long been an integral part of the sheep scene in Britain. The breed emerged in the mid-1800s from improvements to the native heath sheep of its home county and north Staffordshire to become the supreme meat breed of the late nineteenth century. Founded in 1882 and publishing its first Flock Book in 1883, the Shropshire Sheep Breeders' Association and Flock Book Society has the distinction of being the oldest recorded sheep breed society in the world.

Shropshires were exported in vast numbers to the world's developing agricultures, especially to North America and the colonies. In recent years export sales have established a new European profile for the breed with Shropshires sold to Austria, Belgium, Denmark, France, Germany, Ireland and Switzerland.

The Shropshire breed is now primarily used for crossing to produce prime lamb for slaughter. Docile and hardy, with a sound constitution, thus enabling efficient flock management with minimal time and effort, the Shropshire adapts well to organic systems, gaining weight mainly off grass. Lambing returns of 160-180 per cent are regularly recorded by breeders and commercial producers alike.

A major attribute is the breed's ability to graze reliably amongst conifers without damaging the trees. Its value as an eco-friendly, cost-effective weed suppressant is increasingly borne out on large plantations in Ireland, Scotland, Scandinavia and Switzerland.

Shropshire rams are robust with good conformation. They are renowned for producing strong, active lambs with quick growth rates and lean, long, top-quality carcasses.

Shropshire ewes make excellent mothers. Long-lived, milky and prolific, they successfully rear multiples, producing lambs over many years.

Facts and Figures

Wool Properties

The Shropshire clips a heavy, dense fleece of good staple and fine texture. The average weight of a fleece is 3-4 kg, and the average length of staple is 10cm. The wool has a Bradford count of 54-56 (32 micron), does not felt and is in demand for traditional hand-knitting.

Crossing Attributes

When used as a terminal sire for prime lamb production, Shropshires are recognised as excellent crossing rams thanks to the superior conformation, growth rates and carcass quality of their lambs. Pure-bred and Shropshire- cross lambs are typically ready for slaughter at 12-15 weeks old, with a typical carcass weight of 18kg and MLC carcass classification of U3L . The resultant meat is lean, succulent and rich in flavour, and contains a low percentage of bone.

Official Breed Description

The Shropshire is medium sized, with typical mature rams and ewes weighing 120kg and 80kg respectively. Shropshire Sheep are active and alert with a free action.

Head	naturally clean soft black face, with a covering of wool on the poll. Rams should possess a bold masculine head
Ears	soft black in colour, of medium length and well set on
Neck	muscular and not too long
Body	well fleshed, long, deep and symmetrical. A broad, straight back with well-sprung ribs. Rump - quarters long and wide, dock well set on and legs of mutton full and deep

Secretary's Report to the 2003 Annual General Meeting

Madam President and Society Members

It is with great pleasure that I present my fourth and final report to this Society. Again the general agricultural picture has not been too rosy although this year there is a gleam of hope. However, the lamb prices have been keener than in previous years, and have kept up. With Shropshire as a traditional lean and very tasty meat I trust this must make a difference for producers. I feel that the Shropshire Society has felt the sun because of the number of sales through C Jakeman and the Sales Register, we've probably nearly worn out Claire's answer machine also the numbers registered and exported. Many of these enquiries have followed the printing of editorial articles created by Pippa Geddes. These have featured in the Ark, Country Landowners Association and more. Also the fact that at least 13 members of the Society have prepared their show sheep and according to information that I've received the breed has been represented at 28 shows with pure Shropshire classes at 7 of these.

Show Results for the Pure Shropshire Classes, these began with the Stafford Show near the end of May. Here, 3 members presented 15 animals in 6 classes plus a championship for Judge, Mr N Dobson from the Weald moors near Newport, a returned Society member. The breeding ewe of Mr and Mrs B Higgins won the Championship gaining the S.J. Wood Perpetual Challenge Cup which is to be presented later today with the reserve being the ram of M Webb whose group of three, ram lamb and ewe lamb also won their classes.

Shropshire classes were next held at the East of England, Peterborough where in blazing sunshine Mr Hugh Clark, well respected Southdown champion breeder also an octogenarian, judged the excellent entry of 27 sheep of 4 competitors. At length Yvonne Clinton-Palmer took the championship and Sheildaig trophy with her ewe lamb whilst the ram of Mrs and Miss Evans was runner-up. Marion Webb gained the Peter Roberts trophy for the beat shearling ewe bred by the exhibitor and also

won the breeding ewe class. Sadly there were no Shropshire exhibitors at the same time at the Three Counties Show held on the Friday and Saturday, nor on Sunday 15 June, the Rare Breeds Survival Trust Show held also at the Malvern showground. This I understand was a very successful event although it has not yet been decided whether this pattern will follow in 2004.

At the Cheshire Show, a good turnout of over 20 sheep were presented to Mr P Richards who kindly stepped in to judge at late notice. The competition was extremely keen in the 5 classes with 5 Council members exhibiting plus long experienced member, G Jones who won the ram lamb class; and it was great to welcome new members to the Shropshire classes, Misses A & B Harvey who gained a 2nd with their ram. The final result was the championship going to M and S Shimwell for their shearling ewe with the shearling ram of Mr and Mrs B Higgins in reserve.

A few days later at the Shrops & W. Midlands Show, Mr J Davies was presented with 20 sheep by 3 Council members on another lovely day. The Mansell Memorial Perpetual Challenge Cup for the best ram bred by the exhibitor went to Sue Farquhar, who also gained the Tern Perpetual Challenge Salver for the best female exhibit and the breed Champion. This really was Sue Farquhar's day as she also gained the Stephen Pettifer Memorial Perpetual Challenge Vase with her group of three.

Towards the end of July the damp weather did not deter J Bowles, former President and keen showman now retired, whilst judging 20 animals from 3 competitors at the Royal Welsh Show. Winning the ram, ram lamb and best male and female (shearling ewe) exhibits, S Farquhar also gained the Stonehill Perpetual Challenge Cup. Mr & Mrs B Higgins breeding ewe won the class and Misses A & B Harvey gained a 2nd with their shearling ram. It was reported that there was a tremendous atmosphere throughout the days of this show.

Moving into August with the Oswestry Show, where the excellent entries of 4 competitors were judged by Society member Dr R Brookes. The Championship went to the shearling ewe of M & S Shimwell also the group of three rosette. The shearling ram of Mr & Mrs B Higgins gained a 1st and also reserve champion whilst Mr G Jones won the ram and ewe

lamb sections, again new Shropshire keepers joined the events and Misses A & B Harvey gained a rosette. The championship went to the ewe of M & S Shimwell.

The officers at the Royal Show contacted me to ask if the Society could encourage more competitors as on the closing date there were only 2. From my tent at the Suffolk County Show I did my utmost to entice more entries, as I contacted all known Shropshire showing members. I am also extremely sad to inform you that the Royal Show has just informed the Society that the Shropshires will be amongst the mixed Down breed group in 2004. However, there is opportunity for the best of each breed to take part in the Interbreed pairs and all championships, so there is still all to be won.

Oswestry was closely followed by the Burwarton Show where the sun shone brightly and Mr A Jones judged the classes. Yvonne Clinton-Palmer won the group class, ram and ewe lamb classes whilst the rams and breeding ewe of Sue Farquhar also won taking home the Freckenwell Perpetual Challenge Cup and the Championship.

A week later and miles west on Anglesey, Mr C Brown was presented with 15 animals in 7 classes. The group of three was won by Yvonne Clinton-Palmer, whilst Mr G Jones shearling ewe took the championship and the Stonehill Challenge Shield. The breeding ewe of Mr and Mrs B Higgins took the judge's eye for a 1st and the shearling ram of Misses A & B Harvey gained first place. I wish to add my congratulations to all the Shropshire keepers who enter and prepare their animals, much time and energy is spent long before the few minutes in the show ring and sometimes as with the Anglesey Show long journeys are also required. This is a real 'shop-window' for the breed.

Other show successes include:-

Mr & Mrs B Higgins with a reserve champion in the Down breed at the Denbigh and Flint Show whilst Misses A & B Harvey gained the Championship on a day I'm sure they will remember.

Mark and Sue Shimwell took the Champion British Breed rosette with their shearling ewe at the Newport Show.

Tony Baldwin has had a very busy year showing at several places that I hardly dare to try and pronounce but he has the Reserve Champion Rare Breed at the Goosenagh Longridge Show. Champion at the Garstang Show, also Champion Lamb and reserve Champion Sheep at the Bollin Valley Show. Also entries at High Aspull and Black Rod led to his sheep gaining the Champion Rare Breed. Finally, at the Chipping Show he gained Champion Non Continental, also Champion Female in the Rare Breeds Section of the Show.

Further south Mrs Sylvia and Miss Sally Evans have had considerable success at the Hertfordshire 2 day show including Champion Show Lamb with their ram lamb and reserve Short Wool Champion. They also took a team of Shropshire's to the Berkesley Show gaining several prizes also to the Ashby-de-la-Zouche Show where their ewe gained reserve breed Champion. Even more success at the Whitacres and Shustoke Society Show where they took Champion Short Wool and Rare Breeds Champion rosettes.

Over in the east, we, Newmans have taken our Shropshire's to the Suffolk County Show gaining reserve Down Breed Champion with the ewe lamb; also ram and breeding ewe firsts at the Royal Norfolk Show and some success at the Aylsham Show at the end of August.

Finally on the 12 September the Society held a Shropshire Breed Show at the Melton Mowbray Market, part of the Traditional Breeds Show and Sale, which had been organised by Libby Henson and her team from Grassroots in Devon. Mr P Bird judged the Shropshires with the breeding ewe and championship being won by S Farquhar. The ewe lamb class was won by M & S Shimwell. M Webb's ram lamb won and was placed reserve champion whilst the shearling ram of Mr and Mrs P Geddes won its section.

SSBA involvement in this sale was thanks to the enthusiasm and hard work of R Spencer who attended the inaugural meeting in December 2002. At length there were 7 breeders showing and selling 20 female and 8 male Shropshire's.

A top price of 240 guineas was paid for a Shrop ram lamb although the average price was £170 for ram lambs. The top price of 250 guineas was paid for the Champion Shropshire ewe whilst an average of £107 was recorded for ten ewe lambs sold. I was unable to obtain prices from sales held at Carlisle, Chelford, Cheshire and there were no Shropshires

at the recent York sale or NSA ram sale, this year. Few Shropshire's have been sold at these events probably because the breed have been selling well earlier in the year as mentioned and it has been a great export year for the breed. Some sales and exports to Ireland are still due to news of the breed and their excellent work as a non chemical means of cleaning/weeding amongst Christmas trees and good contact has been kept with the tree growers thanks to Pippa Geddes. All society members and potential new ones must be impressed with the Society new 6 page colour leaflet printed on strong card, this has been produced thanks to the Press and Publicity Committee, also the new colourful trailer stickers which are available here today. I offer thanks on behalf of all Society members to this committee for their work this year.

The **Breed Demonstration Stand** has been taken to Welsh sheep on the Rhug Estate, N Wales in May, thanks to G Jones and C Jakeman who were pleased with the interest aroused. Thank you to J Bowles who again took the stand to SW Sheep in Dorset. It has been on display at both the Royal and Royal Welsh Shows in the N.S.A. buildings. However, Council feel that more farmers walk through the animal lines and SSBA in future will try advertising the breed around the pens as some societies have done, recently. It has been very difficult to "people" these stands although I offer many thanks to those who have given their time but amongst the animals, breeders constantly return to ensure the comfort of their animals. Two sets of new laminated colour pictures have recently been organised by the Press and Publishing Committee to aid displays. M Webb and T Newman created a display in an empty pen at the East of England Show – a breeder of continental sheep was amongst those who took note.

During the year it has been my duty to convey the news of the death of Lindy Diplock (Gerard) and Mr Parker both following illness. Les and I felt privileged when we attended Lindy's memorial service in December and returned to her home where she had a wonderful collection of photographs and pictures of Shropshires.

Mr Copp recently contacted all SSBA members to announce his retirement from sheep keeping and I understand that C Jakeman has again helped to sell these animals.

It has been a great privilege to act for this society and represent members and to meet other breed secretaries. Looking back I must admit that I didn't quite appreciate just what was involved apart from the enormous journeys to the Council meetings. I had not been able to foresee quite how much time our three teenagers needed either, but they assisted me by answering the telephone and helping me with the new technology which has definitely raced on during these four years with more electronic messages which usually pass easily! I am as always very grateful to all members of the Council for their help and especially Madam President, and I couldn't have tackled the task at all without the backup of Les and his staff. In closing I offer my very best wishes to your new Secretary and the incoming Council of the Society. Also to all members, many of whom have become telephone friends because of this role, and to wish them all the best with their flocks in the future, that they may keep well, grow well and eat well!

SSBA Official Ear Marking System

The Society's official earmarking requires the following to be adopted by members:

All lambs, before they are over two months old must be either tagged or tattooed. This must contain the consecutive number of each lamb born, the year in which they are born, breeder's flock designation letters and the official Defra flock Number.

Sheep born after 1st December 1999, when reaching six months old require a second tag/tattoo in order to verify their identity should they lose the first tag/tattoo. This second tag/tattoo contains the same information as the first tag/tattoo.

Replacement tags should always contain the sheep's original identity.

Sheep will not be accepted at shows or sales unless properly tagged/tattooed.

New Defra regulations state that every sheep born after 1st February 2003 is uniquely numbered.

i.e. 001 04 AA UK 301102

001	04	AA	UK 301102
Sheep	Year	Flock	Defra Flock No.

Tags must be officially printed, not hand-written. They can be any colour except RED. Tattoos must also carry the flock mark but need not include UK.

Each member must keep a private flock book reflecting a reliable system of earmarking, so as to identify each sheep, and be prepared to produce the same for inspection by the Society's officers. The Society now operates a computerised ewe and ram registration scheme. This assists both the Society and the flock owner in determining sire and dam lines.
