Please Note:

Anyone wishing to move their stock (whether cattle, sheep, pigs) to the show / sale need to be aware of the requirements of movement reporting. If you want to buy pigs or cattle or sheep at all. You first need to register with Defra and get a holding number and register as a keeper / potential keeper of pigs/cattle/ sheep, get a herd/flock mark, and then register with Bpex for pigs and MCMS for cattle to report the moves. Without doing this, pigs/cattle cannot be moved as the movements are electronically reported onto a database via phone or online. You will not be able to do this on the day; it needs to be done before the sale. Sheep can as they still use a paper license, but still you are meant to register with Defra before moving livestock onto a holding!

The Auctioneers are happy to execute commission bids for the sale.

Shropshire MV Shearling Ewes

Dispersal of the Brereton (DB) Flock of Pedigree Shropshire Sheep

We have taken the decision to disperse the Brereton Flock after forty years of successful breeding and the sheep present at the sale today are the remainder of the flock.

Our stock has been selected with regard to breed standard, the production of hard working, milky ewes and lambs with good growth rate and fleshing qualities. Brereton ewes are long-lived as illustrated in the pedigrees of the sheep offered in today's sale. This will be the last chance to purchase Brereton sheep.
