Invest in agriculture without getting your hands dirty!

A simple and cost-effective means of investing for private clients,
trustees and professional advisers

The Pound a Day Portfolio™, managed by FIM Capital Limited, was developed because of the demand for a low cost, transparent investment portfolio service suitable for a wide range of investors. It is an ideal investment platform for investors with £25,000 or more to invest. The investment management fee is, as the name suggests, one pound a day or £365 a year (extra leap year days are free!).

Pound a Day clients enjoy many of the benefits of a fully managed bespoke investment portfolio including:

- Regular investment reports
- Comprehensive online reporting
- Minimum investment £25,000
- Quarterly income if required
- Regular savings scheme

If you would like to learn more about the Pound a Day portfolio, please contact Paul Crocker on **01624 604701** email pcrocker@fim.co.im, or Michael Craine on **01624 604704** email mcraine@fim.co.im

An Introduction to Shropshire Sheep

The Shropshire has long been an integral part of the sheep scene in Britain. The breed emerged in the mid-1800s from improvements to the native heath sheep of its home county and north Staffordshire to become the supreme meat breed of the late nineteenth century. Founded in 1882 and publishing its first Flock Book in 1883, the Shropshire Sheep Breeders' Association and Flock Book Society has the distinction of being the oldest recorded sheep breed society in the UK. Shropshires were exported in vast numbers to the world's developing agricultures, especially to North America and the colonies. In recent years export sales have established a new European profile for the breed with Shropshires sold to Austria, Belgium, Denmark, France, Germany, Ireland, The Netherlands, Spain and Switzerland.

The Shropshire breed is often used for crossing to produce prime lamb for slaughter. Docile and hardy, with a sound constitution, thus enabling efficient flock management with minimal time and effort, the Shropshire adapts well to organic and extensive systems, gaining weight mainly off grass. Lambing returns of 160-180 per cent are regularly recorded by breeders and commercial producers alike.

A major attribute is the breed's ability to graze reliably amongst conifers and orchards without damaging the trees. Its value as an eco-friendly, cost-effective weed suppressant is increasingly borne out on large plantations in England, Ireland, Scotland, Scandinavia and elsewhere in Europe.

Shropshire rams are robust with good conformation. They are renowned for producing strong, active lambs with quick growth rates and lean, long, top-quality carcasses.

Shropshire ewes make excellent mothers. Long-lived, milky and prolific, they successfully rear multiples, producing lambs over many years.

Facts and Figures

Crossing Attributes

When used as a terminal sire for prime lamb production, Shropshires are recognised as excellent crossing rams thanks to the superior conformation, growth rates and carcass quality of their lambs. Pure-bred and Shropshire-cross lambs are typically ready for slaughter at 12-15 weeks old, with a typical carcass weight of 18kg and carcass classification of R3L or U3L. The resultant meat is lean, succulent and rich in flavour.

Wool Properties

The Shropshire clips a heavy, dense fleece of good staple and fine texture. The average weight of a fleece is 3-4 kg, and the average length of staple is 10cm. The wool has a Bradford count of 54-56 (32 microns) and is in demand for traditional hand-knitting.

Official Breed Description

The Shropshire is medium sized, with typical mature rams and ewes weighing 120kg+ and 70kg+, respectively. Shropshire Sheep are active and alert with a free action.

- Head** Naturally clean soft black face, with a covering of wool on the poll. Rams should possess a bold masculine head;
- Ears** Soft black in colour, of medium length and well set on;
- Neck** Muscular and not too long;
- Body** Well fleshed, long, deep and symmetrical. A broad, straight back with well-sprung ribs;
Rump – quarters long and wide, dock well set on and gigots full and deep;
- Legs** Medium length, of strong bone and upright joints, well set apart and soft black in colour;
- Skin and Wool** Cherry pink skin covered with a dense, fine quality wool of good staple

Undesirable Traits

Receding wool above the eyes.

Lack of wool around the base of the ears.

Excessive black wool or patches of dark skin with no wool on the head, either in front of or between the ears;

Coloured wool in fleece.

White patches or mottling on the face, ears and/or legs.

Throatiness – being loose skin below the neck.

Horn stubs.

Thick, coarse, long, pricked or drooping ears.

Drooping rump (dock set low).

Roman nose.

Coarse wool on breeches.

Sheep which vary significantly from the Breed Description should be carefully considered before registration.

NOTE:- Judges/ inspectors are requested to adhere to the above breed standards.

Objectives of the Society

- the promotion of breeding Shropshire Sheep at home and abroad, and the maintenance of their purity
- the publication of a Flock Book, and the annual registration of male and female pedigrees as are proved to the satisfaction of the Council to be eligible for entry
- the annual compilation of a report of the Society's activities including shows, sales and other related events
- obtaining and maintaining breed classes at various shows
- the maintenance and improvement of a high health status
- the continued improvement of the commercial characteristics of Shropshire Sheep and the promotion of commercial opportunities for the breed
- investigating cases of doubtful and suspected pedigrees
- arbitrating upon and settling disputes and questions relating to Shropshire Sheep and their breeding
- furthering the well-being of the breed and the Society by all lawful means

Shropshire Sheep Breeders' Association and Flock Book Society

Appointments as of AGM November 2021

President	Rob Kerby
Vice President	Vacant
Registrar	Alison Schofield
Honorary Treasurer	Marion Webb
Sales Officer	Claire Jakeman

The SSBA Council comprises the above officers, plus:

Peter Tavernor	Liz Bowles
Ellie Butcher	Jeanette Hares
Steve Dewey	Trevor Lightfoot
Tom Sellers	Harvey Clay
Adrian Norton	Anne Harvey
Rosie Lee	Barry Hodson

The SSBA Council also has the assistance of a number of other Officers and Coordinators:

Breed Improvement Coordinator	Pippa Geddes
Breed Stand Coordinator	Barry Hodson
Company Secretary	Les Newman
EU Member Coordinator	Adrian Norton
Export Officer	Sue Farquhar
Late Payment/ Debt Collection	Trevor Lightfoot
Merchandise & Awards Officer	Anne Harvey
Minutes Secretary	Pippa Geddes
Newsletter Editor	Pippa Geddes
Press & Publicity Officer	Pippa Geddes
Northern Ireland Coordinator	Claire Jakeman
Young Member Coordinator	Rosie Lee
Website Coordinator	Peter Geddes
Junior Member Representative	George Clay
Breed Society Secretary	Simon Mackay
Registrations Clerk	Vacant

Society Representative on the National Sheep Association Council – Sue Farquhar

Long Service Awards

In 2016, Long Service awards were introduced to recognise the dedication and commitment of Shropshire breeders. The Bronze award is made for 20 years' service, the Silver award for 25 years' service and the Gold award for 30 years' service. These awards are presented at the Annual General Meeting.

Recipients in 2021 were as follows:

Gold Award – Established 1991

HZ – Les & Tricia Newman – Rode Flock

Silver Award – Established 1996

KX – Marion & Aubrey Webb – Ushers Flock

Bronze Award – Established 2001

None Awarded

Secretary's Report

to the 2021 Annual General Meeting

Madam President and members. 2021 started much like the end of 2020 with the 'Pandemic' still reducing many possible events taking place but as the year progressed, as most legal restrictions were lifted but as the world continues so will Covid 19 feature in our lives for the foreseeable future.

Members are still using personal judgement to manage their own and other people's risk with most people exercising a common sense approach when attending events.

In July the society was able to hold its 'National Show & Sale' at Shrewsbury Livestock Market, even with a reduced number of entries the event was a success, and I personally would like to thank those society members who gave up their own time to bring this event together. The small SSBA steering team work with other stakeholders throughout the year to produce the show.

In 2020 the society had 51 new flocks. This year the number has been less, with just 32 new flocks being formed. Some of these the Sales Officer and myself have been nurturing to become members as a number have purchased sheep in previous years and realising the benefits of Shropshire Sheep which works well.

As many of you may have noticed from the annual accounts the cost of postage, printing and stationery is escalating. We strive for competitiveness with the cost of printing any publication, but we are stuck with postage costs. We have thought to cut down and email more to members, but this seems now to cost cutting too far and members seem to prefer a hard copy to browse.

Every edition of Shroptalk is sent to the society members, new purchases of Shropshire Sheep who may consider joining the society along with society contacts around the globe.

One thing that seems to be increasing this year is the apparent lack of respect for fellow members and others who play a part within the society.

We must remember that we are all working together on the continuation of the society and help will always be given once all facts have been gathered.

Please remember that the society general rules and regulations can be found in the flock book.

Hopefully 2022 will see the society members coming together more and taking part with the organising of events and open days as well as promoting the breed at livestock events.

One last note having the 'Junior Members' helping at the National Show & Sales was greatly appreciated and hopefully gave them an insight into what its like being part of a team event.

President's Report

to the 2021 Annual General Meeting

Welcome everyone to the 2021 Annual General Meeting. It is so fantastic to once again see people in the flesh, rather than via Zoom.

Last year I started by mentioning “Lockdown” and how I wanted to see as many of you as I could but, was unable to. Well, this year I could have easily taken the first paragraph and re read it. Luckily however, new words such as “Double jabbed” started entering the vocabulary and finally after so very long we could start mixing again albeit behind masks and at a distance.

Shows have started up again and we as a society have managed to hold two sales and an open day. It was touch and go as to whether Shrewsbury would go ahead, however, it did and a big thank you to the steering group, led by Simon Mackay and the few members who worked so hard before and on the day. I am not sure how much the rare breed people knew but if it wasn't for this band of helpers stepping in when no one from the local RBST turned up and Claire Jakeman judging them at a moment's notice it would have been a different story, thank goodness I made a few sets of rosettes for them, just in case. The sale at Worcester was a new venture for the society with few sheep and fewer buyers. We, in council will discuss this sale to see what we can do with regard to date and content to fix its place in the Shropshire calendar.

The Open Day held at the farms of The Clay Family and Sue Farquhar was also a great success including a very interesting talk on Iceberg Diseases. Thank you to both families for the hard work in putting the open day on.

From the big projects of last year. “Sell my Livestock” as our sales portal, has taken off and now seems to be the first port of call for people wanting to buy sheep. Thank you Claire Jakeman for continuing to monitor the adverts and helping to connect buyers with sheep. The

new look website too is going from strength to strength so, thanks to Peter Geddes for all you do.

We surveyed members this year and discovered that quite a number of breeders graze their sheep in trees. With these results in mind we launched "Tree Club" as an online Facebook group for people to discuss and trade ideas, moderated by Rob Kerby it now has 126 members. The ability of Shropshire's to safely graze amongst trees was researched a number of years ago by Graham Allan from his own experiences with different breeds and trees. His paper on the Shropshire has helped the breed gain its unique reputation and for this we presented Graham with a life membership. He continues to help the breed with regular posts on the Tree Club page.

Our online registry run by Grassroots has had a revamp and after a few teething problems seems to be becoming a stable platform once more. One of the results of this was the society having to choose and implement a new accounting package. Marion Webb, Les Newman and Ruth Mawer have done a fantastic job of getting this implemented thank you all. Again a few glitches will probably happen but, bear with us while we work through everything. Marion supported by Ruth & Trevor Lightfoot have kept all the finances under control so thank you again for that. After six years being our Registrations Clerk, Ruth is retiring from the role. She has guided us from the introduction of the Grassroots system. On behalf of the Society I would like to thank her for all the work she has done over the years and wish her good luck in the future.

Rosie Lee has not had chance to do much with our junior members this year however, they were involved in the show and sale at Shrewsbury from helping Rosie stewarding the show, we also had George Clay shadowing both the inspection and judging, and Ellie Butcher shadowed the inspection at Worcester, all getting praise for their work. In one class at Shrewsbury only one entrant was not led by a junior member. Thanks go to Simon Mackay for organising the polo shirts

each junior got and Rosie for her tireless work with our Juniors it is so refreshing to see them involved.

Many people held material from the society that together makes a fantastic archive. With all the flock books and the minutes from the very first council meeting through the 100th and 125th anniversaries to present day. This archive has newspaper articles from the early part of the 20th century, export certificates from exports taking place in the second world war and show results from the years before the first world war. After a major undertaking this archive is now in one place and scanned ready to be made available to everyone. Many thanks to the people that held the various items and got them to me at the show and sale so I could collate and scan everything. Also, thanks to Simon for scanning and collating all the stuff he had.

After getting everything done late in 2020 in order for us, as a society to be able to continue to export to the EU, it would appear that mainland Europe were not as proactive and still do not have a ferry port available to import sheep from the UK. Claire Jakeman and Sue Farquhar have been keeping and will continue to ensure potential importers up to date with the progress of this. On a brighter note however, a way into the island of Ireland has been opened up and a couple of months ago we managed to export lambs to three flocks into the Republic of Ireland. This was no easy feat with new paperwork needed, new requirements etc. and so many delays as everyone from vets to port authorities worked through the new systems. Many thanks to everyone that put sheep forward for the export and coped with the delays and short notice requests. Thank you also, Claire and Sue for pulling it all together.

Last AGM, I mentioned the work that would be needed to find a way of continuing to register Shropshire sheep in the EU. A small band of people led by our Irish Coordinator Adrian Norton have been working tirelessly to sort out how best to achieve this. I have written an article in the latest ShropTalk on the history and have gone into greater depth on what has been done. The result of which was to put a proposal to

council for a new European society linked to the SSBA. This was passed by council and Adrian was given permission to move forward. It is very close now to being formed and the postal service permitting should be set up in the next few weeks. Changes to Grassroots are then required and if all goes well all systems will be go for December or January. Very many thanks go to Adrian for all his hard work in getting this to the stage it is now at.

You will have noticed that ShropTalk is now six pages, many thanks to Pippa Geddes for her editing and all the contributors that make it the informative publication it is. Thanks also to Pippa for writing all the minutes and running the Signet recording scheme.

Thanks go to Simon Mackay, the secretary and the rest of Council who have helped keep the society going in these testing times. I have a small gift for them all to say thank you, it should come in handy during the late nights lambing. A special thanks to the council members stepping down this year. Peter Geddes, Sue Farquhar & Les Newman.

This is the first time in over thirty years of keeping Shropshire's that I have been trusted in being your president and I have really enjoyed my time, although sometimes working at 1 in the morning it hasn't felt that good. A few regrets, one being that with the pandemic I have not been able to get around and seen as many of you and your sheep as possible and holding meetings via Zoom whilst excellent are not the same. With the outfall from BREXIT and all the major projects that are ongoing and have been completed it has been hard work at times and I would have loved to have had at least one "normal" year.

Finally, many of you will have read in ShropTalk of my love of football which is totally unrelated to sheep or so I thought. A football club in Staffordshire, Burton Albion, has the substitutions sponsored by Doggy Daycare, Burton and at the start of stoppage time the following announcement is made "Stoppage time, is sponsored by the Marlpit Flock of Pedigree Shropshire Sheep". Yet another first for this fantastic and versatile breed of sheep.

Sales & Publicity Report 2021

With the promise of a better year, I'm not sure we achieved this, but with true spirit we kept going!

I'm happy to report that the Home Market was very buoyant and any Shropshire's that came on the market sold very well. Sell My Livestock is a huge boost for us and everything sold, especially ewes. I would remind you take good photos it really will sell your sheep.

This is where we need to home in on our efforts on how productive the ewes are, easy managed, extremely good mothers and rear their lambs with ease. A big plus which is to highlight to any enquirers is their longevity. They are making a long-term financial investment and ewes can easily produce lambs into their 10/12 years, it may just help to explain this benefit to secure a sale.

We are in such a good position and I would say better than any other TRADITIONAL BREED that we have a proven track record of our breed having a true proven dual purpose, grazing in trees and meat.

The Government are pushing farmers to revisit their strategy to include planting trees. The UK is so far behind Europe we are in trouble hence the big effort. This is where we have the opportunity to promote the benefits of Shropshire's and get them into plantations within the UK.

Exports

Europe have recognised Shropshire's ability for many years and every year we receive orders going into conifer plantations, orchards and more recently vineyards.

We have had to battle through every process of bureaucracy due to Brexit and Europe still not having set up the control posts needed to allow exports. This is so frustrating as enquiries kept coming in but we have been unable to satisfy any orders going into mainland Europe.

One route we found through pure doggedness was Ireland. I quickly picked up three orders, thank you Simon Brown, Brendan Kirk and new member Peter Whooley who jumped on board and we started the process, little did we know we were to be used as Guinea Pigs for both Governments who also struggled with the new rules we had to work through. Our poor vets had a torrid time as no one was confident with what we were being asked to do. The worry was would we get the sheep away and not be stuck at one of the border control posts!

We are one of the very few Societies that exported this year and for a small Society we certainly punch above our weight and often get asked by other societies for assistance and advice. British Livestock Genetics and NSA include us when going to Government when needing facts as we are so active and progressive, they have confidence in our forward thinking.

I would like to thank the Breeders who worked through all the difficulties, their dedication to support the Society went above and beyond this year.

All this success goes to your very hard-working Officers, Sue Farquhar, Alison Schofield, Rosie Lee and myself.

Northern Ireland & Ireland

There has been a renewed interest this year, again going into Christmas Trees. I usually try and go over once a year but due to all the restrictions it has not been possible. All members receive support and advice from either Adrian Norton or myself which we are happy to do if asked.

Adrian has been actively involved in getting the new European Society set up together with Alison Schofield. They have both spent such long hours to do this as well as guidance from Peter Geddes.

We are at the forefront and one of the few societies in the first wave to get third country listing enabling us to export.

Show & Sales

SHREWSBURY: There were not as many entries this year but we put this down to everyone not quite up and running yet after covid. Les Newman was the Society Inspector this year and we also had an Independent Inspector, this is always an extremely difficult job. There were four that didn't pass inspection due to varying faults with confirmation and not to breed standard.

Breed and interbreed champion was Stonegrove Trigger.

WORCESTER: This was a first for us being later in the year but too soon after Shrewsbury. This sale mirrored the rules set out for Shrewsbury except there was no show. All sheep were inspected by Society Inspector Claire Jakeman and four unfortunately failed inspection, not to breed standard. This we will take on board and set a later date with the agreement of the Auctioneers. We would like to use this platform and promote in lamb ewes as we feel there could be an opening for this category.

I would ask as Breed Society Inspector that you check all your entrants before you enter them that they have correct confirmation and that they meet the breed standard. If you are needing an extra set of eyes please do not hesitate to contact any of the Society Inspectors or even your nearest breeder could cast an eye over them with you. We want you to enjoy the experience and day out and not be worried that you have made the wrong decision.

Publicity

Well this wasn't so TEMPORARY this is my second year!

As I'd reduced down adverts last year that I deemed not cost effective there was a saving of over £1000. This didn't mean we didn't get coverage I just chose to do it in a more digital way. SML is the biggest success. British Livestock Genetics (free), NSA, Farmers Guardian, The Ark all hold adverts for both of our sales as well as quarterly publications (on-line).

General

We may be a TRADITIONAL breed but your Council are not set in their ways!

We are the custodian of this wonderful breed and this will not change. The world moves on but not always for the best as I'm sure you will agree. We must protect what makes Shropshires special, with emphasis on looking at how we move forward, this does not mean we change what we expect from the Society, or what our fore fathers established.

Our main selling point has come back to trees where we've seen a large growth in selling into this category. This is what we need to promote and with your help we can achieve huge success as this is what the UK wants and needs, they just don't know it fully yet.

I would just like to highlight the huge efforts and success Alison Schofield as our President has achieved on our behalf. We would not be in such a good position within the sheep industry without her forward thinking and hard work

As always thank you all for your continued support.

Claire Jakeman

Showing Shropshire Sheep

- All sheep must be eligible to enter, (see the SSBA's registration rules and the show societies' rules).
- Exhibitors must be paid up members, at most shows it is possible that the sheep can be led by a third party, check show rules.
- At shows with both breed and Downland/Rare breed sections, exhibitors are asked to support the Shropshire classes.
- Lambs must be born after the 1st December of the current season, and should be trimmed unless entering untrimmed classes, where squaring off of the tail only is permitted.
- Rams and shearlings may be shorn anytime after 1st January.
- Breeding ewes must have reared lamb(s) in the current season and must be shorn after 1st May and be shown untrimmed, except squaring off of the tail.
- SSBA trophies are awarded annually to the exhibitor gaining the most points at their six best shows.
- Points for the Farquhar and President's trophies are only applicable to sheep of exhibitors' own breeding.
- The Farquhar Trophy is open to exhibitors showing in Shropshire breed classes.
- The President's Trophy is open to those showing in Any Other Down Breed or Rare Breed classes.
- The Novice Trophy is open to exhibitors showing in Shropshire breed classes in their first five years of showing, or until they win the Novice Trophy three times.
- SSBA Young Members' Hornpipe Quaich is open to junior members showing in Shropshire breed classes/Any Other Breed and Rare Breed classes. Young Handler classes are also eligible for points. Exhibitors must have a Current Junior Membership and be 18 years of age or under on 31st December of the show season applied for.

Regulations and Conditions of Entry into the Flock Book

1. The Flock Book is restricted to sheep registered in the The United Kingdom of Great Britain and Northern Ireland.
2. All registered flockowners must keep a private Flock Book (to be produced to the Registrar if called upon to do so), otherwise they will be barred from registering their flocks, as it is obvious no truthful pedigree can be given unless such a course is adopted.
3. Rams to be eligible for entry must be named. No name which has already appeared in the Flock Book can be duplicated. If this regulation is not observed, the Registrar reserves the right of renaming the ram.
4. No ram will be eligible for entry unless bred by the breeder whose flock is already entered in the Flock Book or accepted for entry in any forthcoming volume.
5. No ram shall be eligible for entry unless the names and numbers of Sire and the Sire of the Dam be given, along with the registration number of the Grand Dam.
6. The Council reserves the right of declining any entry, if so recommended by the Registrar.
7. No breeder's entry will be accepted unless he or she complies with the following conditions:-
 - a. that the whole of the sires used in his/her flock from the date of his/her first registrations be inserted into the relevant Flock Book, and that every ram used subsequently must be entered year by year;
 - b. if required, satisfactory proof must be given of the means by which persons registering rams have hired or purchased them.
8. No pure-bred breeding ewes can be introduced into a registered flock except from that of another registered breeder (i.e. a

- breeder whose flock is recorded in the last published volume of the Flock Book at the time the stock were disposed of), and the owner must furnish the Registrar with particulars of numbers and breeding, otherwise his/her entries will not be considered.
9. No pedigree breeding animals, their semen, ova and embryos can be accepted into the flock book unless accompanied by an equivalent Zootechnical Certificate from the equivalent breed society in the country of origin.
 10. Only current members of the SSBA may register their sheep as pedigree Shropshires. Animals born in flocks during years when their membership of the SSBA has lapsed may not be registered.
 11. The Society's Grading-Up Scheme closed on 31st March 2014. After this date, no new flocks will be allowed to join the Scheme. Flocks already participating will be permitted to complete the Grading-Up process.
 12. Any females already on the Grading-Up Scheme must be sired by a registered ram. Female progeny will only be eligible for full registration as pedigree ewes at the third generation.
 13. When a flock is advertised to be wholly dispersed, no portion of that flock shall be entered by the vendor when first entering a new flock. If any portion of the flock so advertised is reserved, the sexes, ages and numbers thereof must be fully stated in the catalogue.
 14. In case the Council at any future date discover an inaccuracy or fraudulent entry, they reserve the right to cancel such entry and/or expunge the flock in question from the Flock Book.
 15. All Rules and Regulations will only be issued in English and if they are translated by anyone the English version is deemed the master. Any disputes and issues regarding entries to the Flock Book, will be dealt with in English and under English law.

Regulations for the Export of Sheep

General

1. An Export Sale is defined as any sale where an official ministry health certificate requiring the signature of an LVI (livestock veterinary inspector) is required for the movement of the livestock.
2. If any member of the SSBA is approached regarding ANY (society-led or private) export of Shropshire sheep, they should immediately inform the Sales Officer.
3. Society-led export orders will be organised and managed by the Export Committee, comprising the President, the Export Officer, the Sales Officer, the Treasurer and the Registrar.
4. Export prices will be set annually by the SSBA's Council.
5. Export prices must be adhered to for all sheep, whether sold as part of a society-led export, or sold privately.
6. Any changes to the export levy will be agreed by Council. It is currently 5% of the sale price, where inspection is involved. Where there is no inspection (for example, where purchasers have selected their own animals) the levy is 4%.
7. All SSBA members exporting sheep, whether as part of a society-led order or as a private sale, must pay the export levy at the relevant level to the breed society.
8. The Export Officer must keep up-to-date with any changes in export regulations and provide an advisory service to non MV flock-owners who wish to export.
9. The registrar will provide Zootechnical approved export certificates, embossed and signed by the export officer for every sheep exported. These will also indicate whether the animal has been inspected.

Stock Eligibility and Selection

1. Members must indicate on their Annual Flock Return if they wish to supply sheep for export in the coming 12 months and

their membership subscription must be received by the registrations clerk by 30th November.

2. Members wishing to export must include the expiry dates of MV Accreditation & Scrapie Monitoring Schemes or Certificate of Compliance signed by their vet on the Flock Return form.
3. Members will then be requested by the Sales Officer to send a copy of their MV & Scrapie Monitored Certificate or Certificate of Compliance to the Export Officer with a deadline date.
4. All sheep selected for export must be registered with fees paid within three days of the inspection.
5. To ensure that all members are given an equal chance to export rams, the Export Committee shall keep a list of all flocks eligible to export stock. Ram orders shall be allocated in strict rotation and this does not depend upon the breeder supplying females to export orders. If a breeder is unable to supply a ram when first requested, he/she shall remain at the top of the list until able to fulfil an order. If a breeder is unable to supply a ram for 3 consecutive years they will drop to the bottom of the rotation order.
6. Only sheep that have been inspected on farm can be taken to the Assembly Centre. No substitutes allowed.
7. If the blood lines of the ram do not meet the requirements of the order then the next ram on the rota will be considered. The owners/breeders of the ram(s) passed over will maintain their position in the rota until they can fulfil an order.
8. New breeders supplying sheep for export shall be added at the bottom of the Ram Export List and must wait until they reach the top before being invited to send a male for export.
9. By the end of June, all Breeding Ewes accepted for export must have had their lambs weaned and be completely dried off.
10. The final decision on where the sheep go is the registrars.

Breed Inspections and Export Assembly

1. A number of breed Inspectors appointed by the SSBA's Council will cover different parts of the country.
2. Inspections will ensure that eligible sheep (both male and female) meet breed standards. Inspections will be carried out on the owner's farm by an appointed Inspector, before sheep are transported to the Export Assembly Centre.
3. The Export Committee will decide upon the most appropriate Export Assembly Centre to use for each consignment, based on the location of breeders supplying stock.
4. The Export Assembly Centre will have Public Liability Insurance.
5. The Inspector is responsible for conformity to breed standard not to the weight of the sheep which is the responsibility of the vendor.
6. All breeders supplying sheep for export will be asked to sign a "disclaimer" which states that the society cannot be held responsible if animals are accidentally injured or fall ill whilst at the Export Assembly Centre, and are subsequently judged unfit by a vet for the export consignment. (Breeders can insure their own sheep for this eventuality). It is the responsibility of the breeder to collect any such sheep within one month of delivery providing the animal is fit to travel and subject to any movement restrictions in place at the time.

Procedure to be Followed by the Export Committee for Society Led Exports

1. The Registrar will inform the Export Committee of members eligible to export and the size of each qualifying flock, as soon as practical after 31st December.
2. The Sales Officer shall contact all eligible members by letter/email for them to confirm that they wish to participate in society led exports and indicate what stock (age, sex, number

etc.) they will have available within 7 days of the contact otherwise it will be assumed that they do not want to participate.

3. On receipt of a sales enquiry the Sales Officer shall contact the potential Purchaser(s) and send them a copy of the Export Order form and confirmation letter, if and when required.
4. On receipt of a completed Export Order form and deposit from a Purchaser or group of Purchasers, the Sales Officer shall contact all members by letter/email that are eligible to supply sheep for export and attach the Ram & Ewe Rotation form. This shows the allocation for each member for both ewes and rams.
5. Members to confirm to the Sales Officer that they can supply their allocation. In all cases no response means they cannot supply any sheep for the order.
6. Males will be allocated according to the Ram Rotation form and must be tested free from Brucella Ovis and females will be allocated pro rata to the size of breeders' flocks.
7. Breeders supplying sheep for an export order will be contacted by the Export Officer at least one month before the export is due to leave the country.
8. A reserve ram will be nominated (next on the Ram Rotation form). This ram will also be Brucella Ovis tested. If this ram is not required for the final export order, the member will be reimbursed, upon receipt by the Treasurer, of a copy of the veterinary surgeon's invoice up to a maximum value of £50. This sum will be taken from the export levy.
9. If insufficient females are offered by relevant flocks, the spare allocation will be divided equally amongst other participating flocks.
10. The Sales Officer will contact the Society Inspector(s) giving due notice of the deadline by which inspections must be carried out. To include details of stock numbers involved and which flocks to be inspected.

Procedure to be followed for Private Exports

1. Member to inform the Sales Officer of a private export sale. Sales Officer will take full details of the animals, which will include what has been requested, numbers, total cost and when they are scheduled to go.
2. Export prices are to run in line with Society-led exports. All sheep must be pedigree registered before they travel.
3. Sales Officer will inform the Export Committee full details of the sale. At this point the Treasurer will prepare an invoice for the Vendor with levy due to the Society and this will be sent within two weeks of the export.
4. The Vendor will send a list of sheep exported plus address of the purchaser to the Registrar within two weeks of the export.

Specific to the Nominated Society Sheep Inspectors

1. The Inspectors must have no vested interest in the sheep they are inspecting. This is determined by the Registrar and Export Officer.
2. Inspectors should identify each animal inspected and complete the society form, and for any failing inspection, a reason must be given in a written statement signed by the Inspector. The inspection results should be forwarded to the Export Officer and a copy held by the Registrar for three months after the export has taken place.
3. The reasons why any sheep fail to pass the inspection will be explained to the owner by the Inspector, after the inspection has been completed.
4. The Inspectors will invoice the Treasurer for fuel expenses incurred for inspections at the society's agreed mileage rate within one week of inspections taking place. This will come out of one fifth of the inspection levy (ie 1% of the sale price), and the remainder of the 1%, will be split between the Inspectors pro rata to the number of sheep inspected.

Terms and Conditions Set For Export

1. Overseas Purchasers must confirm their acceptance of the terms and conditions of the export order by signing the Export Order form and returning this to the Sales Officer.
2. A deposit of 20% is required on completion of the Export Order form. The monies will be held in the Society's bank and deducted from the final balance. Should the order be cancelled, incurred expenses will be deducted before the deposit is returned.
3. All monies for the sheep are to be paid by the purchaser at least 10 working days prior to the date set for the export to the Society's bank account, by money transfer, in pounds sterling.
4. All monies are to be paid by a sterling bank transfer and all charges are to be paid by the purchaser.

Specific to the Export Officer Following the Export

1. All sheep records must be sent to the Registrar for inclusion in the relevant Flock Book.
2. The Publicity Officer must be informed of export consignments for the necessary promotion of the breed to take place.
3. The Export Officer to provide the Treasurer with a full account of the export on the Society invoice form for each flock taking part. This includes numbers sent and sale price, within 48 hours of dispatch.

Specific to the Treasurer

1. All monies will be paid to the Vendor(s) after the deduction of any levies, expenses, fees etc due to the Society, within 5 working days of the export consignment leaving the UK.

SSBA Official Ear Marking System

Each year starts on 1st December to run until 30th November the following year. The following requirements meet both SSBA and current DEFRA regulations. For further information refer to the Government website www.gov.uk/guidance/sheep-and-goat-keepers-how-to-identify-your-animals or contact your local Animal Health offices.

The Society's official earmarking requires the following to be adopted by members:

All lambs, before they are over two months old must be tagged in accordance with the DEFRA rules and the SSBA's identification rules.

Eartag Format

The tag information must contain the unique consecutive number of each lamb born followed by the breeder's flock designation letters and the year in which it is born on one side and the official Defra Flock Number on the other.

For example: **001 AA 22 UK 0301102**

Where 001 is the unique consecutive number of the lamb, **AA** is the breeder's flock designation letters and 22 is the year of birth. UK 0301102 is the official Defra Flock number. Animals with tattoos cannot be exported.

Every flock has breeder's flock designation letters that are assigned to them on joining. These letters appear on every pedigree animal's ear tag and identify the breeder. They can be two or three characters long and can be any combination of letters. The exception being sheep bred outside the British Isles where the letters are three characters long starting with an "F".

Replacement tags should always contain the sheep's original identity. Sheep will not be accepted at shows or sales unless properly tagged/ bolused.

Tags must be officially printed, not hand-written. They can be any colour except RED. (Black is the combination to use with boluses and yellow is used for electronic tags).

Each member must keep a private flock book reflecting a reliable system of earmarking, so as to identify each sheep, and be prepared to produce the same for inspection by the Society's officers. The Society operates a computerised ewe and ram registration scheme. This assists both the Society and the flock owner in determining sire and dam lines.

Shropshire Sheep Breeders' Association Awards

Two very special people received awards in 2021

Graham Allan (pictured with his wife Sue) was awarded life membership of the SSBA. He was the first to discover that our breed can be grazed safely in conifer plantations. Graham went on to develop guidelines for managing Shropshires in tree plantations and promoted the system successfully to many tree growers in the UK and northern Europe.

THE SSBA has also conferred a special Lifetime Achievement Award upon Fred Goverman (pictured with his daughter Judy), a distinguished breeder of Shropshire Sheep in the USA. The Goverman Flock was established in 1934 by Fred's father, Bernard, and it has the longest continuous history of ownership by a single family that we know of anywhere in the world.

Two new logos for the Society

Two new logos have been designed by Registrar Alison Schofield

The first for the European Shropshire Sheep Breeders' Association (ESSBA) which was incorporated as a company limited by guarantee on 26th November 2021 in Dublin. This will allow Shropshire sheep from the European Union to be registered again, following the UK's exit from the EU in January 2021.

The second for the new discussion forum launched in 2021 on the social media platform, Facebook, called "Shropshire Sheep Tree Club". This is helping SSBA members exchange knowledge and advice about keeping Shropshires in all kinds of plantations.

The Junior Members were out in force at the Show and Sale, showing their sheep or helping with the running of the event.

Other Show Successes

Peter Harris (Ellerdine Flock) winning with his Breeding ewe at Minsterley Show.

Prolific show winner in 2021, Anne Harvey (Roydon Flock) with a pair of ewe lambs winning the Any Other Native Breed class for Butchers' Lambs at the English Winter Fair. Anne also had success in the Pure-bred Native Breed Carcase Competition, where she gained third place with a Shropshire lamb.

Television coverage for Shropshires

Two flocks appeared on television in December to explain how Shropshires are used successfully to control herbage in their Christmas Tree Plantations.

Adam Lionel and Jane Evans' Cambrian Flock appeared on the Welsh Farming TV Programme "Ffermio"

The Troutsdale Flock owned by the Turnock family appeared on BBC Midlands Today.

RamCompare

Alderton Major, one of four Signet-recorded Shropshire rams selected to take part in phase 3 of the National RamCompare Trial. Cefn-carnau, Hayne Oak and Ushers flocks also had rams selected for the trial. The

Shropshire rams will be used on North Country Mules, Aberfield and Lleyen ewes alongside other terminal sire breeds.

Exports

Rosie Lee with a home-bred ram lamb, Rosaline Ecne, that was exported to Ireland. The SSBA was one of only a very few sheep societies that managed to export pedigree livestock in 2021.

Flock Photos

The Draco flock of Mr B Garrido & Miss M Kennet enjoying the sunset at the end of the day in Ceredigion, Wales.

Ewes from the Sansaw flock of James Thompson in and strawed down ready for lambing.

D

Claire & Graham Jakeman

It is with sad regret that Graham and I have made the huge decision to finally hang up our crooks.

We would like to say "thank you" to all the wonderful breeders who we've met along the way from all across the world.

Also to the breeders that have supported our breeding programme 'protecting and expanding rare and endangered breed lines'.

Dot, Blade, Deva & Tilly (who thought she was a sheep dog) who put up with us and showed us how to do it!

GOOD LUCK TO YOU ALL

Mobile: 07766 238346

sansaw.co.uk

We re-established The Sansaw Flock in 2008 following the purchase of breeding stock from the Bowles family's Sidedowns and Hayne Oak Flocks.

As a family we have a long association with Shropshire Sheep dating back to the late nineteenth century and want to continue this relationship with the breed, ensuring that it survives and flourishes as a commercially viable breed into the future.

Our flock is MV accredited and Scrapie Monitored. We always have a range of stock for sale and would love to see you at Sansaw, so please get in touch.

Annual Flock Returns 2021

The following is a list of all registered ewes mated pure in the 2021/2022 season where, the breeder sent in the flock return before 31st December 2021. It does not include ewes not put to the tup or those not mated to a pedigree Shropshire ram.

Regulations on the Up-Grading Of Unregistered Shropshire Ewes

Pure Bred Ewe FA prefix	1 st cross Ewe FB prefix		
Pedigree Ram		2 nd cross Ewe FC prefix	
	Pedigree Ram		Pedigree ewe eligible for full pedigree registration
		Pedigree Ram	

1. The Society's Grading-Up Scheme was introduced in 2004 and closed on 31st March 2014.
2. No new flocks will be allowed to join the scheme after the March 2014 deadline. Flocks already participating will be permitted to complete the Grading-Up process (see above graphic), although they will not be allowed to add any further "FA" generation ewes after 31st March 2014.
3. Under the Scheme, the descendants of purebred but unregistered Shropshire ewes can progress to become fully pedigree registered animals over three generations, provided the original ewes were inspected and confirmed as being of true breed type, and their female progeny were sired by fully pedigree registered Shropshire rams.
4. The Society's usual registration fee (£6/head) applies to Grading-Up females of the FB and FC generations, and thereafter.
5. For more detailed information about Graded-Up Shropshires, or the Scheme, please contact the Registrar.

Genetic improvement in the Shropshire breed and the support provided by AHDB levy

By Samuel Boon, AHDB Breeding Specialist with Signet Breeding Services

Decision time for levy payers

In Spring 2022 beef and lamb levy payers will be asked how they want to see the levy that they pay to AHDB invested. AHDB currently collects 80p per head from every lamb slaughtered in English abattoirs; 60p from the producer and 20p from the abattoir.

This levy is invested in a range of services including marketing, export development, the collation of market data and traceability work; with 17p split between those services aimed at enhancing animal health, reducing environmental impact and increasing genetic gain.

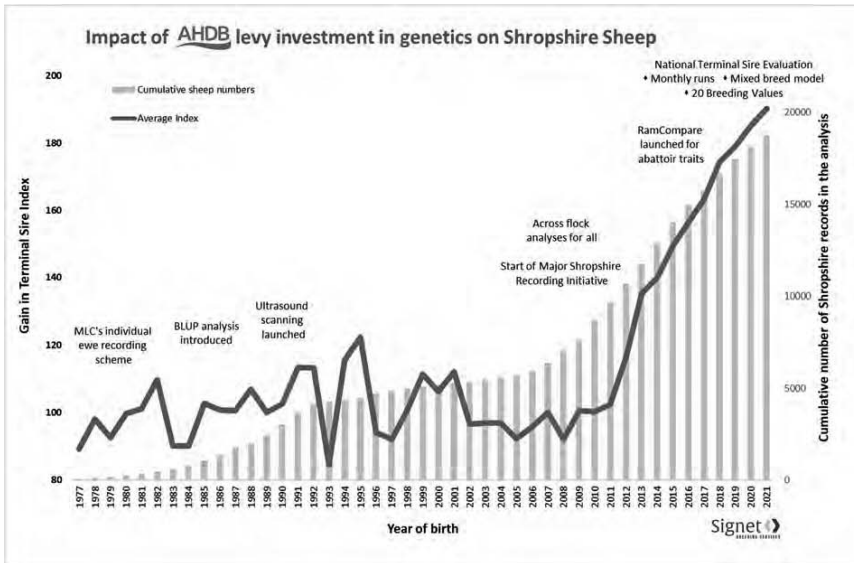

What do sheep farmers want and what do they need?

In my experience, when asked how they would like to see their levy spent, many commercial sheep producers would answer “more on marketing”, understandably attracted to areas of spend expected to enhance the immediate value of their livestock.

However, an investment of levy dominated by marketing tends to overlook the longer-term gains obtained through genetic improvement. The cumulative and lasting impact of genetic selection means investment in this area is also highly cost effective; with genetic improvement programmes already responsible for major productivity gains in every major sheep producing country across the world, which I am pleased to say includes the UK.

We have come a long way

One of the initial remits behind the collection of a beef and lamb levy in 1967 was to promote the performance recording of livestock, to provide ram and bull buyers with accurate information to assess an animal's genetic merit – rather than relying on visual assessment. Since then, many milestones have been reached, each having an impact on rates of genetic gain.

The Shropshire sheep we breed today are very different to those of the past. Shropshire sired lambs grow faster, have better conformation and are less likely to become overfat at light carcase weights, with Shropshire ewes continuing to express high levels of maternal performance in terms of milk and prolificacy. This improvement isn't limited to rams purchased from Signet recorded flocks, through the movement of genetics within the pedigree world the whole breed benefits when influential flocks record their stock.

This genetic change has clearly influenced the productivity of the national flock, but it should not be forgotten that by reducing days to slaughter, enhancing meat yield in the carcase and increasing maternal output, genetic improvement programmes also provide one of the best ways to reduce the carbon footprint of lamb; as they have quietly done for the last four decades without us realising it.

Levy funded genetic research and service development has seen many breakthroughs over the years, which include:

- Statistical analysis of sheep records (1980s)
- Launch of the ultrasound scanning service (late 1980s)
- Across flock evaluations and support for breeding groups (1992 onwards)
- Development of breeding values from abattoir data (via RamCompare) (2015/16)
- Mixed breed evaluations, with the inclusion of crossbred data (2018)
- Full online reporting and free inbreeding software (2019)

A look to the future

The next steps for Signet Breeding Services and AHDB's levy investment in genetics are less clear, as much will depend on the resources available after producers have had their say in the spring vote.

- Clearly a major goal would be the move to incorporate genomic information into our evaluations, a potential game changer in the provision of breeding evaluations which could provide more accurate breeding values to both recorded and unrecorded flocks.
- New phenotypes that have the potential to reduce environmental impact require consideration, as we see the impact that portable atmosphere chambers are having in New Zealand for example. Existing phenotypes could also be used more effectively to counter the environmental concerns aimed at sheep and beef production.
- RamCompare, though widely deemed a great success is in many ways simply a pilot to show the potential for progeny testing and the analysis of abattoir data. Further resources could provide a significant catalyst to increase the industry level impact of this work as well as strengthening the genetic comparisons we make between different rams, flocks and breeds.

In the short term, we shouldn't forget the impact levy has had for many years supporting the recording costs incurred by ram breeders. Levy typically has typically covered over half the cost of CT scanning and about 30-40% of the true cost of ultrasound scanning, with similar support provided to subsidise basic flock recording costs and the development of Signet's industry facing website www.signetdata.com.

Keeping Signet's recording costs low is really important if we wish to enhance the impact of our work on the national flock; genetic improvement currently worth over £20 million per annum to the UK sheep and beef industry (AbacusBio 2015), making it a fantastic return on your levy investment.

What can I do?

In April 2022, we'll be asking all eligible levy payers to have their say and shape our work and areas of priority. Your views will help guide what we deliver over the next five years. In order to make sure you are able to vote, you must first register and provide enough information for us to verify you as a levy payer.

You are eligible to vote if you have kept sheep in England in the last 12 months. Registration is now open so please visit <https://ahdb.org.uk/shape-the-future> for further details.

Society Forms and Regulations For Their Use

Annual Flock Return

1. You will receive this form in the post or via email in the autumn. It must be completed and returned with the necessary remittance to the address on the form by 30 NOVEMBER each year for your flock details to be included in the Flock Book. (NO reminders will be sent).
2. You may register on the flock return ewes not previously registered that are in-lamb for the first time. (These animals must be birth notified)
3. If you have used a ram lamb, or a previously unregistered ram (must be birth notified) it also needs to be registered.
4. In the envelope you should place:
 - a. Membership Renewal Form
 - b. Flock Return Form
 - c. Annual Ewe List –
Can also be completed on line via the online registry.
 - d. Annual Return Survey–
Can also be completed on line via the online registry.
 - e. Cheque to include All Fees (you can also pay via Bank Transfer or PayPal)

Post to Address on the form.

Birth Notification

1. Birth Notification must include ALL the following data:-
Eartag or Reg No of Dam, Reg No of Sire, Date of Birth, Number in Litter, and the sex and tag number of all the lambs. You can use any method to send the data for example the official Birth Notification Forms or electronically via the online registry.

2. To be sent or completed on-line as soon as possible after birth and in any event on or before 30th June. All lambs must be Birth Notified at least two weeks prior to any show. Up to 30th June it is free to birth notify lambs.
3. Birth Notifications received after 30th June but before 31st December will carry a charge of £6 per lamb.
4. Birth Notifications received after 31st December will be at the Registrar's and Council's discretion and carry a charge of £20 per lamb.
5. ALL lambs must be Birth Notified before being shown. You will receive a certificate of Birth Notification to take to shows.
6. Your sheep will be issued with a "BN" number visible via the online registry.
7. Remember to keep a copy for your records.

Post to Address on the form.

Service Certificate

Can be completed either on line via the online registry or by using the service certificate form.

1. When selling in-lamb ewes - complete a Service Certificate and give this to new owner.
2. When using a hired ram ensure that the owner of the ram completes a service certificate as proof of its use.

Registration

Can be completed either on line via the online registry or by using the registration form.

Ewes and Rams

1. All female sheep, including lambs, destined to be sold at a designated breeding sale **MUST** be registered prior to entry. Male sheep must be eligible for registration ie birth notified. Sheep sold at a primestock only sale do not have to be registered.

2. The animal's Scrapie Genotype can be included on the registration certificate, if the animal has been scrapie genotyped. The genotype result should be supported with documentation from the testing laboratory and will only be included by request.
3. All shearlings and older sheep MUST be registered before being shown. Any entries not registered will be withdrawn.
4. Home-bred ewes in-lamb for the first time can be registered via the Flock Return or by using the Registration Form.
5. As all lambs are birth notified only the ear tag number or "BN" number is required as information is already stored on computer. Lambs can be registered at any time.
6. Ewes and ewe lambs over four months old being sold privately MUST be registered by the Breeder even if sold to an unregistered or non-Shropshire flock. Ewe lambs under four months old need only be birth notified.
7. Only current Full Members or Junior Members of the SSBA may register sheep as full pedigree animals. Females and males born in flocks of lapsed members may not be registered.
8. Your Sheep will be issued with a registration number and you will be emailed a certificate when payment has been received by the Society. A posted certificate is also available at extra cost.
 - a. All females bred in the British Isles; registration number will be prefixed by an "F"
 - b. All grading up first generation females bred in the British Isles; registration number will be prefixed by an "FA" (no longer issued).
 - c. All grading up second generation females bred in the British Isles; registration number will be prefixed by an "FB"
 - d. All grading up third generation females bred in the British Isles; registration number will be prefixed by an "FC"

- e. All males bred in the British Isles; registration number will be just a number.

Post to Address on the form

Transfer of Ownership

Can be completed either on line via the online registry, completing the tear off part of the pedigree certificate, or by using the transfer form. There is no fee for this.

Private Sales

1. Whenever a registered Shropshire is sold, the completed signed form should be sent to the registrations clerk within 10 days of the sale. The future progeny of sheep that have been sold cannot be registered with the SSBA until this has been completed.
2. The top half of the Registration Certificate to be given to the Purchaser.
3. If lambs sold at foot under 4 months are birth notified they can be transferred, then registered by the purchaser. If older than 4 months, they have to be registered by the original breeder
4. Please inform secretary whether new owner (if not already a member) requires membership forms.

National Show & Sales

Registrar to give all Pedigree Certificates to the Auctioneer, who will give them to the purchasers.

PLEASE NOTE, ALL OFFICIAL SSBA FORMS CAN NOW BE
DOWNLOADED FROM THE BREED SOCIETY'S WEBSITE
(PUBLICATIONS AND FORMS SECTION)
