# Please Note:

Anyone wishing to move their stock (whether cattle, sheep, pigs) to the show / sale need to be aware of the requirements of movement reporting. If you want to buy pigs or cattle or sheep at all. You first need to register with Defra and get a holding number and register as a keeper / potential keeper of pigs/cattle/ sheep, get a herd/flock mark, and then register with Bpex for pigs and MCMS for cattle to report the moves. Without doing this, pigs/cattle cannot be moved as the movements are electronically reported onto a database via phone or online. You will not be able to do this on the day; it needs to be done before the sale. Sheep can as they still use a paper license, but still you are meant to register with Defra before moving livestock onto a holding.

The Auctioneers are happy to execute commission bids for the sale.

## Auctioneers' Conditions

- The Sale will be conducted under the Livestock Auctioneers association Conditions of Sale 2022
- Sheep will be exposed in lots according to the numbers in the following Catalogue. The Auctioneers reserve the right to refuse any bid without assigning any reason. The highest offer on each lot will be preferred to the purchase (subject to Article 3)
- No liability whatever is undertaken by the Auctioneers for the statements appearing in the Catalogue or made at the Sale. The exposor who supplies such statement is alone responsible for any error or mis-statement. Animals affected with any disease of an infectious nature or animals out of an infected flock or herd are strictly prohibited from being brought to the premises occupied or used by the Auctioneers at the time and should any such be brought, the Owner or Consignor will be held responsible for all damage or loss occasioned thereby.
- The Exposers reserve the right to fix a reserve price and to announce same before the bidding begins or during the time of the bidding or at the conclusion thereof. The right to bid by or on behalf of the seller in terms of the Sale of Goods Act 1893, is expressly reserved
- Immediately after each purchase is declared, the risk of the animal shall be exclusively with the Buyer, and it is declared that until a settlement shall be made in terms of these Conditions the delivery of the animal shall be suspended. The right of the property shall not pass until the price is paid
- Immediately after the Sale all lots must be paid for in cash to the Auctioneers. The price being paid, each lot shall be taken away at the Buyer's expense within one day after the sale thereof. Lots shall only be removed from the Auctioneers' possession on a written order from their clerk, and any lot removed in contravention of this condition may be recovered brevi manu by the Auctioneers
- If any Buyer fails to pay for and remove his purchase in compliance with the above conditions, the Auctioneers in their opinion may either (a) sue the Buyer for the price and interest thereon at the current Bank Rate and for the keep of, and any other expenses incurred by them in connection with such purchase, or (b) re-sell the Lot either publicly or privately and recover from the defaulting Buyer the deficiency (if any) attending such re-sale and interest thereon as aforesaid together with the keep and other expenses. In either case the Auctioneers shall have the right to sue at their own instance without the consent of the Owner or Consignor, and no defense whatever in such action shall be Consignor alone.

- No undertaking of the Auctioneers or their servants to take charge of any animal after the sale or to forward it to its destination shall be held to impose upon the Auctioneers any legal obligation or vitiate any of the foregoing conditions.
- The Auctioneer is appointed Judge of the Sale, to whom are hereby submitted all disputes and differences of any kind which may arise at and in relation to the Auction, either between Exposers and Offerers or amongst Offerers themselves; his decision shall be final and binding on all parties.
